Notices

n1522c01: The correct service interventions in the field

If the unit is produced prior to wk41, 2021 and the right and left hinge code number is 481010897294, service has to order two hinges and replace both right and left one. If not, there will be a problem with door closing.

If you need some additional information please contact with Quality Department

n1522c02: The correct service interventions in the field

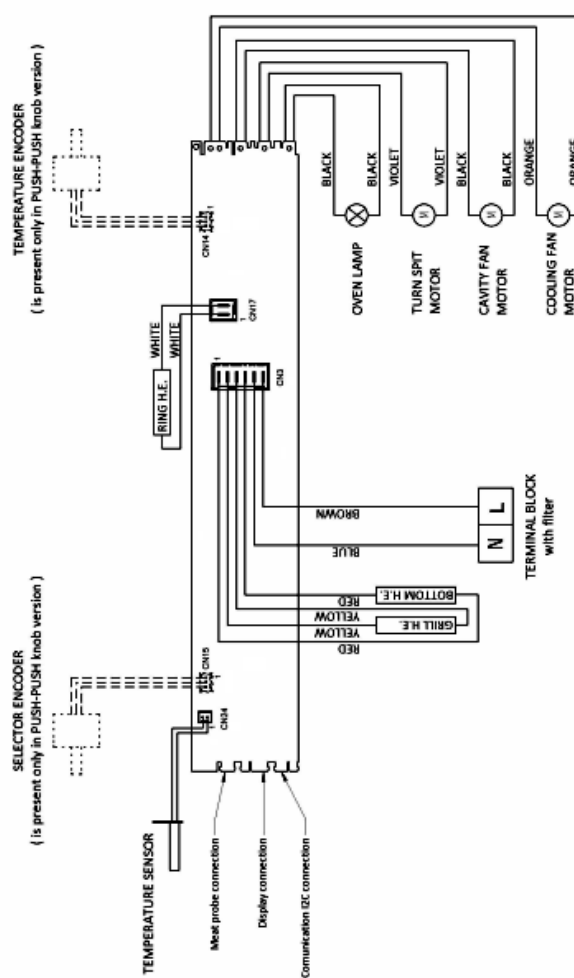

If the unit is produced prior to wk15,2021 and the right and left hinge code number is 488000569438, service has to order two hinges and replace both right and left one. If not, there will be a problem with door closing.

If you need some additional information please contact with Quality Department
